IMPLEMENTATION OF THE (IMO) SULPHUR CAP 2020

As of the 1st December 2020 vessels will contribute to cleaner air by sailing on low sulphur fuel.

The EU DIRECTIVE 2016/802 of the European Parliament and the council of 11th May 2016 transpose the new **International Maritime Organisation (IMO)** regulation concerning the **reduction of the sulphur content of certain liquid fuels.**

The aforementioned IMO regulation, destined to change the world of shipping to a global level, will come into force starting from **1st December 2020 loading/sailing.**

These additional charges will be applied to all cargo on **all worldwide trades** with the following implementation date as mentioned.

IMO Sulphur Cap will vary on each trade route and vessel operator. Surcharge may differ with special equipment & SOC, please check prior to booking.
